# Southern Circuit

This safari includes some of the most outstanding Tanzanian gems... the world famous Selous Game Reserve and Kilwa Ruins, both United Nations World Heritage Sites. Other national parks in the Southern Circuit include Mikumi National Park and Ruaha National Park, where you will enjoy elephant populations and all of the incredible wildlife Tanzania is famous for. Hike through the mountains to the beautiful waterfalls in Udzungwa Mountains National Park.

# Northern Circuit

This safari features some of the most famous and remarkable sights in the world... including the annual wildebeest migration, the spectacular Ngorongoro Crater, and Serengeti National Park. Lake Manyara National Park and Tarangire National Park also offer fantastic game watching. Mount Kilimanjaro offers adventurous travellers the chance to climb Africa's highest peak!

## Eastern Circuit

These safaris will take you to some of the newest and most private game parks in Tanzania... like Mkomazi National Park, home to many endangered animals and birds.

Another highlight, Sadaani National Park, where the bush meets the Indian Ocean, you can spot wildlife on the pristine beaches, and take a boat safari on the Wami River.

## Western Circuit

Our Western Circuit Safaris allow you to visit some of the wildest and least visited parts of Tanzania. Let us take you off the beaten track to experience jungle trekking and chimpanzee tracking in Gombe Stream National Park, snorkeling in Lake Tanganyika, and game viewing in Katavi National Park... which is one of the best-kept secrets in East Africa.

**The islands of Tanzania** are made up of the Zanzibar and Mafia archipelagos. Zanzibar consists of the main island of Unguja, or Zanzibar Island... and Pemba Island to the north... with a few smaller islands in between.

**Zanzibar** is one of the most beautiful and exotic Indian Ocean Islands. Activities include island-hopping, swimming with dolphins, scuba diving and snorkeling. East Zanzibar's coastline offers some of the best beaches in the world.

# Islands...

**Mafia** and **Pemba** are renowned for excellent world-class diving, with some of the richest reefs in the world.

## CULTURAL & HISTORICAL TOURS

Tanzanian culture is a delightful mix of influences with over 120 tribes. Zanzibar has the bulk of the sights with its long Arabic history and Spice Islands' slave trade. Tanzania is one of the most culturally diverse countries in the world.

From the graceful Maasai warriors, the ancient ways of the Hadza bushmen, the resourceful agricultural practices of the Wameru, the artistic talents of the Makonde, to the Chaga farmers and traders... each of the 120 tribes in Tanzania have their own distinct ways of life. But together, they unite to form Tanzania.

# Volunteer with us!

Something that is also very important to us, and has become a tradition, is taking care of our community. By working closely with *The Humanity Project*, which operates in the U.S. and Tanzania, implementing both arts and healthcare projects, we continue to contribute to the betterment of our community. Booking with **Supreme Tanzania Safaris** helps ensure that this important work continues. As The Humanity Project's motto states, "There is no humanity without unity."
